Ninja Kitty by Santiago, Hollar, first grade

Chapter 1

Once upon a time, there was a place called Candyland. All of the people were cats and dogs but they didn't get along that well. One cat called Josh wanted to become a ninja and he did. After a couple weeks of training, he decided to go on his first mission. The mission was to find the power stone so he went on a journey to find the power stone. Once he got to the forest he saw three bad goblins and because he had trained enough he threw 3 shurikens and they died and then an ice wookie came out to have some fun. But Josh came at him with 2 katanas and the wookie died. He was so tired that he fell asleep...

Chapter 2:

When he woke up he was in a prison. He got out of the cell and ran down the hallway. He realized that the power stone was in the prison. And he saw a goblin with all his stuff, so he tackled him and he got all his stuff back. He ran down the hallway and he saw a room with the power stone and three goblins around it. He threw three shurikens and they hit the goblins and they fell to the ground and on his way back...

Chapter 3

When he got back to town he saw a big bad wolf attacking town! He threw a shuriken but the wolf slapped it away. His friend Jack grabbed the shuriken and threw it and hit the wolf. Then Josh came at him with two katanas and hit the wolf and then the wolf died. Then Josh returned the power stone and everyone lived happily ever after.
